Preface

GENERAL REMARKS

Introduction

Methods of study

Multicenter surveys

COMPLICATIONS OF DIAGNOSTIC INTERVENTIONAL ULTRASOUND

Biopsy of the pancreas

Literature series

Case reports

Biopsy of the liver

Complications of LN biopsy

Complications of FNB

Biopsy of the kidney

Literature series

Case reports

Biopsy of the adrenal glands

Literature series

Case reports

Biopsy of the spleen

COMPLICATIONS OF THERAPEUTIC INTERVENTIONAL ULTRASOUND

Drainage of abdominal collections

Drainage of pyogenic and amebic liver abscesses

Drainages of pyogenic abscesses of the liver

Drainages of amebic abscesses of the liver

Drainage of splenic abscesses

Drainage of pancreatic collections

Drainage of renal and perirenal abscesses

Percutaneous cholecystostomy

Percutaneous nephrostomy

Ethanol injection in biliary and hydatid cysts of the liver

Biliary liver cysts

Hydatid liver cysts

Alcohol injection in renal cysts

Ethanol injection of hepatocellular carcinoma

Immediate complications

Late complications

Interstitial hyperthermia in the treatment of liver tumors

Radiofrequency interstitial thermal ablation (RITA)

Necrosis following interstitial laser photocoagulation (ILP)

MEDICO-LEGAL VIEWPOINTS

Medico-legal viewpoints of interventional ultrasonography

The medical liability
